

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Wold  
DOCKET NO.: 17-23013.001-R-1  
PARCEL NO.: 05-31-319-018-0000

The parties of record before the Property Tax Appeal Board are Mark Wold, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,897  
**IMPR.:** \$30,921  
**TOTAL:** \$37,818

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 1,874 square feet of living area. The dwelling is approximately 75 years old. Features of the home include a concrete slab foundation, one fireplace and a one-car garage. The property has a 7,260 square foot site located in Glenview, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-05 dwellings of frame and masonry exterior construction ranging in size from 1,904 to 1,962 square feet of living area. The comparables range in age

from 64 to 69 years old. Each comparable has a partial unfinished basement, one fireplace and either a one-car or a two-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$23,758 to \$32,326 or from \$12.48 to \$16.50 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,304 or \$14.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,184. The subject property has an improvement assessment of \$35,287 or \$18.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 1,456 to 1,673 square feet of living area. The comparables range in age from 67 to 77 years old. Three comparables have a partial or a full basement with one having finished area and one comparable has a crawl space foundation. Two comparables each have central air conditioning and a one-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$30,742 to \$33,126 or from \$19.00 to \$21.74 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the board of review's comparables due to their smaller dwelling sizes and/or lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables as they are most similar to the subject property in location, design, exterior construction, age, dwelling size and features, except each comparable has a partial unfinished basement unlike the subject's concrete slab foundation, requiring downward adjustments. These comparables have improvement assessments ranging from \$23,758 to \$32,326 or from \$12.48 to \$16.50 per square foot of living area. The subject's improvement assessment of \$35,287 or \$18.83 per square foot of living area falls above the range established by the appellant's comparables in this record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
