

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anita Lutkus
DOCKET NO.: 17-23040.001-R-1
PARCEL NO.: 05-34-112-023-0000

The parties of record before the Property Tax Appeal Board are Anita Lutkus, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,193
IMPR.: \$32,895
TOTAL: \$37,088

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of frame and masonry exterior construction with 1,462 square feet of living area. The building is approximately 49 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a one-car garage. The property has a 2,467 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The appellant's attorney reported that the comparables are improved with two-story townhomes of masonry or frame and masonry exterior construction each containing 1,454 or 2,826 square feet

of living area. The comparables are either 16 or 58 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$27,379 to \$57,423 or from \$18.83 to \$20.32 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$28,977 or \$19.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,088. The subject property has an improvement assessment of \$32,895 or \$22.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story townhomes of frame and masonry exterior construction each containing 1,462 square feet of living area. Each comparable is 49 years old. Each comparable has a partial or a full unfinished basement, central air conditioning, one fireplace, and a one-car garage. The comparables have improvement assessments ranging from \$32,897 to \$33,782 or from \$22.50 to \$23.11 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 due to their newer ages and/or larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables as they are identical or most similar to the subject in location, design, exterior construction, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$27,379 to \$33,782 or from \$18.83 to \$23.11 per square foot of living area. The subject's improvement assessment of \$32,895 or \$22.50 falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
