

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Corazon De Villa
DOCKET NO.: 17-23043.001-R-1
PARCEL NO.: 05-32-400-099-0000

The parties of record before the Property Tax Appeal Board are Corazon De Villa, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,332
IMPR.: \$47,111
TOTAL: \$62,443

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame and masonry exterior construction with 2,407 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a partial finished basement, central air conditioning, and a 2-car garage. The property has a 14,602 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a Class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with Class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,727 to 3,226 square feet of living area. The dwellings range in age from

51 to 60 years old. Each comparable has partial or full unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$44,703 to \$55,212 and either \$16.39 or \$17.11 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$40,606 or \$16.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,443. The subject property has an improvement assessment of \$47,111 or \$19.57 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located within the same neighborhood code and the same block as the subject. The comparables are improved with Class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,234 to 2,730 square feet of living area. The dwellings range in age from 53 or 55 years old. Three comparables have one fireplace. Each comparable has a partial or full finished basement, central air conditioning, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$45,912 to \$54,652 or from \$19.57 to \$20.88 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. When compared to the subject, the Board gives less weight to the appellant's comparables due to the dwellings considerably larger dwelling sizes and/or unfinished basements when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located in the same neighborhood code and the same block as the subject. These four comparables are also most similar to the subject in design, exterior construction, age, dwelling size, foundation, and other features. These four comparables have improvement assessments ranging from \$45,912 to \$54,652 or from \$19.57 to \$20.88 per square foot of living area. The subject's improvement assessment of \$47,111 or \$19.57 per square foot of living area falls with the range established by the best comparables in this record on an overall basis and matches the comparable at the bottom of the range on a square-foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
