

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Vance
DOCKET NO.: 17-23046.001-R-1
PARCEL NO.: 05-17-100-004-0000

The parties of record before the Property Tax Appeal Board are Susan Vance, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,280
IMPR.: \$49,358
TOTAL: \$60,638

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,095 square feet of living area. The dwelling is approximately 90 years old. Features of the home include a full finished basement, central air conditioning and one fireplace. The property has a 7,050 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject dwelling is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with Class 2-05 dwellings of frame or masonry exterior construction ranging in size from 1,931 to 2,112 square feet of living area. The dwellings range in age from

93 to 95 years old, and each has a full unfinished basement. One comparable has central air conditioning, one comparable has a fireplace, and two comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$38,584 to \$44,428 or from \$18.73 to \$21.60 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$42,864 or \$20.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,638. The subject property has an improvement assessment of \$49,358 or \$23.56 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with Class 2-05 dwellings of frame, masonry, or stucco exterior construction ranging in size from 1,409 to 1,910 square feet of living area. The dwellings range in age from 92 to 96 years old. Two comparables each have central air conditioning. Each comparable has a partial or full unfinished basement, one fireplace, and either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$40,141 to \$47,100 or from \$24.66 to \$28.83 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. Both parties' comparables have unfinished basements, unlike the subject's finished basement. In addition, six of the comparables have garages which the subject lacks. The Board gives less weight to the board of review comparables #1 and #3 due to the dwellings considerably smaller dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparable #2. Although the subject has a finished basement and lacks a garage, unlike these comparables, the Board gives greater weight to these comparables because they are most similar to the subject in dwelling size and other property characteristics. These four comparables have improvement assessments ranging from \$18.73 to \$24.66 per square foot of living area. The subject's improvement assessment of \$23.56 per square foot of living area falls within the range established by these four comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
