

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Martin  
DOCKET NO.: 17-23072.001-R-1  
PARCEL NO.: 05-27-109-015-0000

The parties of record before the Property Tax Appeal Board are Sean Martin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$33,250  
**IMPR.:** \$184,711  
**TOTAL:** \$217,961

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 6,690 square feet of living area. The dwelling is approximately 89 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces, and a two-car attached garage. The property has a 17,500 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.<sup>1</sup>

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The

comparables are improved with class 2-09 dwellings of masonry exterior construction ranging in size from 6,603 to 6,814 square feet of living area. The dwellings range in age from 89 to 93 years old. Each comparable has a partial or full basement with two having finished area, central air conditioning, two or six fireplaces, and a three-car garage. The comparables have improvement assessments ranging from \$177,606 to \$190,226 or from \$26.56 to \$28.35 per square foot of living area. The appellant's submission included a copy of the "Cook County Board of Review" final decision disclosing the subject has a total assessment of \$235,422. The submission by the appellant also revealed the subject has an improvement assessment of \$202,172 or \$30.22 per square foot of living area.

Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$184,711 or \$27.61 per square foot of living area.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject property and was found to be in default by a letter dated July 18, 2019.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the board of review did not timely submit any evidence in support of its assessment of the subject property or to refute the evidence submitted by the appellant as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is in default pursuant to Section 1910.69(a) of the rules of the Board. (86 Ill.Admin.Code §1910.40(a); 1910.69(a)).

The Board further finds the only evidence of assessment equity in this record to be the appellant's comparables, which are similar in most property characteristics to the subject. These comparables have improvement assessments ranging from \$177,606 to \$190,226 or from \$26.56 to \$28.35 per square foot of living area. The subject's improvement assessment of \$202,172 or \$30.22 per square foot of living area falls above the range established by these comparables. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
