

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher O'Connell
DOCKET NO.: 17-23082.001-R-1
PARCEL NO.: 05-28-112-040-0000

The parties of record before the Property Tax Appeal Board are Christopher O'Connell, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,060
IMPR.: \$68,817
TOTAL: \$80,877

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,802 square feet of living area. The dwelling is 77 years old. Features of the home include a partial basement with finished area, central air conditioning, two fireplaces and a 2-car garage. The property has a 6,700 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of masonry exterior construction ranging in size from 3,446 to 4,239 square feet of living area. The dwellings are either 80 or 87 years old.

The comparables have partial or full basements with finished area, one fireplace and a 2-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$74,901 to \$95,504 or from \$21.19 to \$22.53 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$61,140 or \$21.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,877. The subject property has an improvement assessment of \$68,817 or \$24.56 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 2,598 to 2,906 square feet of living area. The dwellings range in age from 66 to 89 years old. Three comparables have partial or full basements, one with finished area, and one comparable has a concrete slab foundation. Each comparable has central air conditioning, one or three fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$73,812 to \$80,036 or from \$25.40 to \$30.81 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1 due to their larger dwelling sizes or lack of a basement, respectively, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review's remaining comparables #2, #3 and #4 as they are most similar to the subject in location, design, exterior construction, age, dwelling size, and most features, except comparables #3 and #4 have unfinished basements in contrast to the subject's finished basement area suggesting upward adjustments are necessary. The best comparables have improvement assessments ranging from \$73,812 to \$76,440 or from \$25.40 to \$27.29 per square foot of living area. The subject's improvement assessment of \$68,817 or \$24.56 per square foot of living area falls below the range established by the best comparables in this record and is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
