

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rhoda Noel  
DOCKET NO.: 17-23105.001-R-1  
PARCEL NO.: 05-28-423-019-0000

The parties of record before the Property Tax Appeal Board are Rhoda Noel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,670  
**IMPR.:** \$49,933  
**TOTAL:** \$64,603

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of stucco exterior construction with 2,396 square feet of living area. The building is approximately 97 years old. Features include a full unfinished basement, central air conditioning, one fireplace and a 2.5-car garage. The property has an 8,150 square foot site located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-04 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,840 to 2,545 square feet of living area. The

dwellings range in age from 79 to 115 years old. The comparables have partial or full basements, one of which has finished area. One comparable has central air conditioning. Each comparable has one fireplace and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,314 to \$50,650 or from \$19.90 to \$21.91 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$49,933 or \$20.84 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated December 2, 2017 disclosing the subject has a total assessment of \$70,952. The submission by the appellant also revealed that the subject has an improvement assessment of \$56,282 or \$23.49 per square foot of living area.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the board of review did not timely submit any evidence in support of its assessment of the subject property or to refute the evidence submitted by the appellant as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin.Code §1910.40(a))

The Board finds the only evidence of assessment equity was submitted by the appellant. The board gives less weight to comparable #3 due to its considerably smaller dwelling size when compared to the subject. The Board finds the appellant's remaining comparables to be most similar to the subject in location, class, age, dwelling size and some features. The two best comparables have improvement assessments of \$50,650 and \$41,939 or \$19.90 and \$20.70 per square foot of living area, respectively. The subject's improvement assessment of \$56,282 or \$23.49 falls above the assessments of the two best comparables in this record. After considering adjustments to these comparables for differences when compared to the subject, such as their age, dwelling size, and other features, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
