

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Seltzer
DOCKET NO.: 17-23106.001-R-1
PARCEL NO.: 05-17-103-014-0000

The parties of record before the Property Tax Appeal Board are Steven Seltzer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,544
IMPR.: \$38,680
TOTAL: \$71,224

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,828 square feet of living area. The dwelling is approximately 47 years old. Features of the home include a concrete slab foundation, central air conditioning and a two-car garage. The property has an 18,080 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class code 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,160 to 2,608 square feet of living area. The

dwellings range in age from 63 to 92 years old. The comparables have partial or full basements with two having finished area. Each comparable has central air conditioning and one or two fireplaces. Two comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$44,215 to \$48,789 or from \$18.71 to \$20.47 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$35,683 or \$19.52 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated December 2, 2017 disclosing the subject has a total assessment of \$71,224. The petition filed by the appellant also depicted that the subject has an improvement assessment of \$38,680 or \$21.16 per square foot of living area.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

The Board finds the only evidence of assessment equity was submitted by the appellant. The Board finds that none of the appellant's comparables are truly similar to the subject in age, dwelling size and/or other features. These comparables have improvement assessments ranging from \$44,215 to \$48,789 or from \$18.71 to \$20.47 per square foot of living area. The subject's improvement assessment of \$38,680 or \$21.16 per square foot of living area falls below the range established by the comparables in this record on an overall improvement assessment basis but above on a per square foot basis. Given that the subject is significantly newer and smaller than each of the appellant's comparables, the Board finds it is logical that the subject would have a higher per square foot improvement assessment. The Board finds the subject's improvement assessment appears to be equitably assessed on this limited record and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
