

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Black
DOCKET NO.: 17-23120.001-R-1
PARCEL NO.: 05-07-216-017-0000

The parties of record before the Property Tax Appeal Board are Steven Black, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,560
IMPR.: \$36,448
TOTAL: \$62,008

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,376 square feet of living area. The dwelling is approximately 96 years old. Features of the home include a full basement with finished area, one fireplace and a one-car garage. The property has a 17,040 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame exterior construction ranging in size from 2,538 to 2,875 square feet of living area. The dwellings are either 113 or 122 years

old. The comparables have partial or full basements, one of which has finished area. One comparable has central air conditioning. Each comparable has one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$31,137 to \$48,825 or from \$12.27 to \$16.88 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$45,495 or \$14.32 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated December 2, 2017 disclosing the subject has a total assessment of \$70,446. The submission by the appellant also revealed that the subject has a land assessment of \$25,560 and an improvement assessment of \$44,906 or \$18.90 per square foot of living area.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal by letter dated August 15, 2019.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Initially, the Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

The Board finds the only evidence of assessment equity was submitted by the appellant. The appellant's comparables are similar to the subject dwelling in location, design, age, dwelling size and most features, except two comparables have larger dwelling sizes and lack finished basement areas, unlike the subject, suggesting upward adjustments would be appropriate to them due to economies of scale and inferior basements to make them equivalent to the subject. The comparables have improvement assessments ranging from \$13.61 to \$15.43 per square foot of living area. The subject's improvement assessment of \$18.06 falls above the range established by the appellant's comparables in this record and is not supported. After analysis of the appellant's data and considering the differences in size and features, the Board finds the appellant has met this burden and a reduction in the assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
