

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Riemer
DOCKET NO.: 17-23137.001-R-1
PARCEL NO.: 05-27-415-012-0000

The parties of record before the Property Tax Appeal Board are Jeff Riemer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,750
IMPR.: \$94,628
TOTAL: \$122,378

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,655 square feet of living area. The dwelling is approximately 94 years old. Features of the home include a full unfinished basement, one fireplace and a two-car garage. The property has a 13,875 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,965 to 4,481 square feet of living area. The

dwellings range in age from 90 or 113 years old. The comparables have full basements, one of which has finished area. Each comparable has one or two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$79,428 to \$107,042 or \$20.03 and \$23.89 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$82,603 or \$22.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,378. The subject property has an improvement assessment of \$94,628 or \$25.89 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of stucco exterior construction ranging in size from 3,323 to 3,753 square feet of living area. The dwellings range in age from 106 to 138 years old. Each comparable has a full unfinished basement, one or two fireplaces and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$86,708 to \$107,073 or from \$26.09 to \$29.57 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

The appellant submitted a rebuttal critiquing the board of review's evidence for differences such as number of bedrooms, bathrooms, number of fireplaces and/or exterior construction.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the parties' comparables are each similar to the subject property in location, design, age, dwelling size and many features. The parties' comparables have improvement assessments ranging from \$79,428 to \$107,073 or from \$20.03 to \$29.57 per square foot of living area. The subject's improvement assessment of \$94,628 or \$25.89 per square foot of living area falls within the range established by the parties' comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
