

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leo Birov
DOCKET NO.: 17-23152.001-R-1
PARCEL NO.: 05-07-111-039-0000

The parties of record before the Property Tax Appeal Board are Leo Birov, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,295
IMPR.: \$146,543
TOTAL: \$175,838

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,846 square feet of living area. The dwelling is approximately 1 year old. Features of the home include a full basement with finished area, central air conditioning, three fireplaces and a 3-car garage. The property has a 19,530 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with similar class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,460 to 4,932 square feet of living area. The dwellings range

in age from 4 to 25 years old. Each comparable has a partial or a full basement with finished area, central air conditioning, two or three fireplaces and a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$111,562 to \$138,500 or from \$25.01 to \$28.08 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$128,419 or \$26.50 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated December 2, 2017 disclosing the subject has a total assessment of \$175,838. The submission by the appellant also revealed that the subject has an improvement assessment of \$146,543 or \$30.24 per square foot of living area.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessment of the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant submitted three equity comparables for the Board's consideration. These comparables are similar to the subject in location, design, dwelling size and some features, except each comparable is 3 to 24 years older than the subject suggesting upward adjustments for age may be required to make them more equivalent to the subject. These comparables have improvement assessments ranging \$111,562 to \$138,500 or from \$25.01 to \$28.08 per square foot of living area. The subject's improvement assessment of \$146,543 or \$30.24 falls above the range established by the comparables in this record. However, the subject's higher per square foot basis is logical given its newer age in relation to these comparables. The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a) & §1910.69(a). After analysis of the appellant's data and considering adjustments to the appellant's comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
