

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Ferguson
DOCKET NO.: 17-23213.001-R-1
PARCEL NO.: 05-28-112-039-0000

The parties of record before the Property Tax Appeal Board are James Ferguson, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,060
IMPR.: \$67,046
TOTAL: \$79,106

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,354 square feet of living area. The dwelling is approximately 78 years old. Features of the home include a concrete slab foundation, central air conditioning, two fireplaces and a 2-car garage. The property has a 6,700 square foot site located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,658 to 4,555 square feet of living area. The

dwellings range in age from 64 to 96 years old. The comparables have partial or full basements, one of which has finished area. Two comparables have central air conditioning. Each comparable has one or three fireplaces and a 1-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$48,850 to \$100,033 or from \$18.38 to \$21.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$67,046 or \$19.99 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated December 2, 2017 disclosing the subject has a total assessment of \$96,581. The submission by the appellant also revealed that the subject has an improvement assessment of \$84,521 or \$25.20 per square foot of living area.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity was submitted by the appellant. The record contains three equity comparables for the Board's consideration. The Board finds neither parties' comparables were particularly similar to the subject due to differences in location, age, dwelling sizes, foundation and/or features. These comparables have improvement assessments ranging from \$18.38 to \$21.96 per square foot of living area. The Board finds board of review comparable #2 was given the most weight as it was the only comparable very similar to the subject in age and dwelling size but it had a basement with finished area, in contrast to the subject's concrete slab foundation, suggesting a downward adjustment may be necessary to make it more equivalent to the subject. The subject has an improvement assessment of \$25.20 per square foot of living area which falls above the range established by the comparables in this record and is not supported. After examining the evidence presented by the parties and considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. After analysis of the appellant's data, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
