

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Warren Lisec
DOCKET NO.: 17-23228.001-R-1
PARCEL NO.: 14-29-114-037-0000

The parties of record before the Property Tax Appeal Board are Warren Lisec, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,104
IMPR.: \$48,334
TOTAL: \$79,438

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,912 square feet of living area. The dwelling is approximately 109 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 5,760 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement. In support of this argument, the appellant submitted information on three equity comparables. The comparables are located within the same neighborhood code as the subject and consist of class 2-11 dwellings of masonry or frame and masonry exterior construction. The dwellings are either 122 or 127 years old and range in size from 3,847 to 7,392 square feet of

living area. Each comparable has a basement, one of which has an apartment. The comparables have improvement assessments ranging from \$43,905 to \$77,676 or from \$10.51 to \$11.41 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$43,149 or \$11.03 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,438. The subject property has an improvement assessment of \$48,334 or \$12.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables consist of two-story class 2-11 dwellings of masonry exterior construction. The dwellings range in age from 103 to 118 years old and range in size from 3,036 to 4,656 square feet of living area. Each comparable has a basement, two of which have apartments. The comparables have improvement assessments ranging from \$46,451 to \$68,629 or from \$14.74 to \$17.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #2 which are each substantially larger than the subject dwelling.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and the board of review comparables which present varying degrees of similarity to the subject. These comparables had improvement assessments that ranged from \$43,905 to \$68,629 or from \$11.41 to \$17.96 per square foot of living area. The subject's improvement assessment of \$48,334 or \$12.36 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences in age, dwelling size and/or features, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
