

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Isabella Tekmetarovic
DOCKET NO.: 17-23255.001-R-1
PARCEL NO.: 14-07-316-014-0000

The parties of record before the Property Tax Appeal Board are Isabella Tekmetarovic, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,025
IMPR.: \$52,975
TOTAL: \$76,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry exterior construction with 7,638 square feet of living area. The dwelling is approximately 92 years old. Features of the home include a full unfinished basement and a 3-car garage. The property has a 6,396 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-11 multi-family dwellings of masonry exterior construction ranging in size from 9,270 to 11,160 square feet of living area. The dwellings range

in age from 83 to 105 years old. Each comparable has a full unfinished basement and a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$58,320 to \$60,903 or from \$5.23 or \$6.57 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$46,363 or \$6.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,000. The subject property has an improvement assessment of \$52,975 or \$6.94 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with three-story class 2-11 multi-family dwellings of masonry exterior construction ranging in size from 5,084 to 5,448 square feet of living area. The dwellings range in age from 1 to 105 years old. Each comparable has a full unfinished basement. Two comparables each have central air conditioning. One comparable has three fireplaces. Three comparables each have a 3-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$42,096 to \$90,800 or from \$8.00 to \$17.86 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #1 due to its newer age and its lack of a garage when compared to the subject.

The Board finds the parties' remaining comparables are similar to the subject in location, design and/or class, exterior construction, age, foundation type, and many features, except each comparable is dissimilar in dwelling size to the subject. The appellant's comparables are significantly larger than the subject while the board of review's comparables are significantly smaller. The Board finds these comparables have improvement assessments ranging from \$42,096 to \$63,813 or from \$5.23 to \$12.19 per square foot of living area. The subject property's improvement assessment of \$52,975 or \$6.94 per square foot of living area falls within the range established by the comparables in this record. Furthermore, due to economies of scale, accepted real estate valuation theory provides, all other factors being equal, as the size of a property increases, its per unit value decreases. Likewise, as the size of a property decreases, its per unit value increases. The subject's dwelling size falls each of the parties' comparables and its improvement assessment on a per square foot basis is well supported by a preponderance of the credible market evidence contained in this record. After considering

adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
