

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher & Lindsay Carlton
DOCKET NO.: 17-23268.001-R-1
PARCEL NO.: 14-29-107-010-0000

The parties of record before the Property Tax Appeal Board are Chris & Lindsay Carlton, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,748
IMPR.: \$101,520
TOTAL: \$125,268

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,384 square feet of living area. The dwelling is approximately 4 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a two-car garage. The property has a 3,958 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-78 dwellings of masonry exterior construction ranging in size from 3,681 to 3,784 square feet of living area. The dwellings range in age from 4

to 10 years old. Each comparable has a full basement with finished area, central air conditioning, two to four fireplaces and a two-car or a four-car garage. The comparables have improvement assessments ranging from \$101,550 to \$106,972 or from \$27.05 to \$28.45 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$94,481 or \$27.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,582. The subject property has an improvement assessment of \$115,834 or \$34.23 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of masonry exterior construction ranging in size from 2,616 to 2,753 square feet of living area. The dwellings are either 1 or 10 years old. Each comparable has a full basement with finished area, central air conditioning, two or four fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$107,648 to \$128,664 or from \$40.42 to \$48.63 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the board of review's comparables due to their newer ages and/or smaller dwelling sizes when compared to the subject.

The board finds the best evidence of assessment equity to be appellant's comparables as they are most similar to the subject in location, design, exterior construction, age, dwelling size, basement and most features. These comparables have improvement assessments ranging from \$101,550 to \$106,972 or from \$27.05 to \$28.45 per square foot of living area. The Board gives most weight to comparable #3 as it is identical in age, as well as similar in most attributes to the subject. The subject's improvement assessment of \$115,834 or \$34.23 per square foot of living area falls above the range established by the best comparables in this record and is excessive considering its smaller garage size when compared to comparable #3. After considering adjustments to the comparables for differences from the subject, the Board finds the appellants demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
