

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Moy
DOCKET NO.: 17-23274.001-R-1
PARCEL NO.: 05-18-207-002-0000

The parties of record before the Property Tax Appeal Board are Richard Moy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,200
IMPR.: \$58,725
TOTAL: \$69,925

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,587 square feet of living area. The dwelling is approximately 88 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a 1.5-car garage. The property has a 7,000 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,649 to 3,066 square feet of living area. The

dwellings are either 89 or 93 years old. Each comparable has a partial or a full unfinished basement, one fireplace and a 1-car or a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$52,422 to \$61,620 or from \$17.10 to \$20.64 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$49,826 or \$19.26 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated December 2, 2017 disclosing the subject has a total assessment of \$69,925. The petition filed by the appellant also depicted that the subject has an improvement assessment of \$58,725 or \$22.70 per square foot of living area.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the only evidence of assessment equity was submitted by the appellant. The appellant's comparables are similar to the subject in location, class, age, dwelling size and some features, except each comparable has an unfinished basement, in contrast to the subject's finished basement area, requiring upward adjustments to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$52,422 to \$61,620 or from \$17.10 to \$20.64 per square foot of living area. The subject's improvement assessment of \$58,725 or \$22.70 falls within the range established by the best comparables in this record on an overall improvement assessment basis but falls above this range on a per square foot basis, which is justified based on the subject's finished basement area.

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. After analysis of the appellant's data, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
