

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Maliszewski  
DOCKET NO.: 17-23349.001-R-1 through 17-23349.003-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Patrick Maliszewski, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
17-23349.001-R-1	14-18-305-041-1002	3,693	38,098	\$41,791
17-23349.002-R-1	14-18-305-041-1003	3,802	39,221	\$43,023
17-23349.003-R-1	14-18-305-041-1004	4,268	44,028	\$48,296

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-year-old, mixed-use building with three residential units and one commercial unit. Only the units with Property Index Numbers (PIN) ending in -1002, -1003, and -1004 are subject to this appeal. The property has a 3,125 square foot site and is located in Lake View Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject units were purchased in October, 2014 and August, 2017 for a price of \$475,000, \$575,000, and \$517,000, respectively. The appellant also submitted a 2015 sales ratio. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$34,940, \$35,963, and \$40,370, respectively.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject unit of \$41,791, \$43,023, and \$48,296. The subject's assessment reflects a market value of \$417,910, \$430,230, and \$482,960 when using the 2017 level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a condominium analysis estimating the market value of each unit based on the sale of the other units within the subject building. Based on the percentage of ownership of each unit that sold, the board of review found the full value of the entire building. Multiplying the subject's percentage of ownership by the full value of the building, the board of review found the market value of the subject. The board of review also argued that no weight should be given to appellant's sales ratio without a supporting study. In support, the board of review submitted the DOR studies for years 2010-2014.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value for the subject units to be the purchase of the subject properties in October, 2014 and August, 2017 for a price of \$417,910, \$430,230, and \$482,960, respectively. The appellant provided evidence demonstrating the sale of the subject units. The Board finds the purchase price is above the market value reflected by the assessment. The Board further finds the appellant submitted an incorrect and unsupported assessment ratio study and gives this no weight. Based on this record, the Board finds that no reduction in the subjects' assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
