

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Carlson
DOCKET NO.: 17-23356.001-R-1
PARCEL NO.: 05-19-304-016-0000

The parties of record before the Property Tax Appeal Board are David Carlson, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,270
IMPR.: \$33,874
TOTAL: \$40,144

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 65-year old, one and one-half story, single-family dwelling of frame construction with 2,104 square feet of living area. Features of the home include: a partial basement, two full baths, central air conditioning, and a one and one-half car garage. The property has a 6,600 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2-78, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables, three of which are located in a suburb other than the subject's. They are improved with a one-story, single-family dwelling of frame exterior construction. The improvements ranged: in age from 56 to 68 years;

in size from 2,595 to 3,111 square feet of living area; and in improvement assessment from \$12.48 to \$14.00 per square foot.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,144. The subject property has an improvement assessment of \$33,874 or \$16.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, all of which are located either on the subject's block or within a two-block radius of the subject. They are improved with a one and one-half story, single-family dwelling of frame construction. The improvements ranged: in age from 62 to 82 years; in size from 1,844 to 2,188 square feet of living area; and in improvement assessment from \$16.43 to \$20.75 per square foot. Amenities include: two full baths or two full and one half-baths, one fireplace, and from a one-car or two-car garage. In addition, three properties also contain a partial or full basement.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the board of review's comparables*. These four comparables contain improvement assessments that ranged from \$16.43 to \$20.75 per square foot of living area. The subject's improvement assessment of \$16.10 per square foot of living area falls below the range established by the best comparables in this record. The Board accorded diminished weight to the remaining properties due to a disparity in location, improvement age, size and/or amenities.

Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
