

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ravi Patel
DOCKET NO.: 17-23381.001-R-1
PARCEL NO.: 09-15-413-021-0000

The parties of record before the Property Tax Appeal Board are Ravi Patel, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,200
IMPR.: \$ 12,902
TOTAL: \$ 16,102

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame and masonry construction with 1,410 square feet of living area. The dwelling is 54 years old. Features of the home include a crawl and a one and one-half-car garage. The property has a 3,658 square foot site, and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject is owner occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted assessment information on four equity comparables.

The appellant also purports to make an overvaluation argument as a basis of the appeal. In support of this argument, the appellant submitted the market values reflected by the assessments

for the four equity comparables. The appellant's evidence also states that the subject was purchased on September 2008 for \$178,000. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$14,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,102. The subject property has an improvement assessment of \$12,902, or \$9.15 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables and five sale comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant did not submit any evidence regarding the market value of the subject, such as an appraisal, evidence of a recent sale of the subject, or sale comparables. See id. While the appellant submitted the market values of the equity comparables as determined by their respective assessments, these were not "comparable sales," as there is no evidence in the record to show that these properties were recently sold, and the sale date and sale price of such a sale. Additionally, while the appellant's evidence states that the subject was purchased in September 2008 for \$14,000, this sale is too remote in time to accurately depict the subject's market value as of the relevant lien date of January 1, 2017. 35 ILCS 200/9-155. As such, the Board finds that the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #2, #3, and #4, and board of review comparables #1 and #3. These comparables had improvement assessments that ranged from \$9.18 to \$12.52 per square foot of living area. The subject's assessment of \$9.15 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
