

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret DeWald  
DOCKET NO.: 17-23605.001-R-1  
PARCEL NO.: 14-18-316-045-0000

The parties of record before the Property Tax Appeal Board are Margaret DeWald, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,020  
**IMPR.:** \$34,506  
**TOTAL:** \$47,526

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,469 square feet of living area. The dwelling is approximately 117 years old. Features of the home include a full basement with a formal recreation room. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables consist of class 2-05 two-story dwellings of frame exterior construction. The dwellings range in age from 107 to 122 years old and range in size from 1,370 to 1,788 square feet of living area. Each comparable has a full or partial basement, one of which has a formal

recreation room. Two of the dwellings each have central air conditioning and three of the comparables each have a fireplace. Three of the dwellings have either a one-car garage or a two-car garage. The comparables have improvement assessments ranging from \$25,028 to \$39,211 or from \$18.27 to \$21.93 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$26,839 or \$18.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,526. The subject property has an improvement assessment of \$34,506 or \$23.49 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables consist of either one-story or two-story class 2-02 or class 2-05 dwellings of frame exterior construction. The dwellings range in age from 107 to 122 years old and range in size from 963 to 1,592 square feet of living area. Each comparable has a full basement, one of which has a formal recreation room. Three of the dwellings have central air conditioning and three of the dwellings have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$27,459 to \$38,765 or from \$24.35 to \$28.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board has given reduced weight to board of review comparable #4 due to its differing design, classification and/or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparables #1, #2 and #3 which present varying degrees of similarity to the subject in age, size and/or several features. These comparables had improvement assessments that ranged from \$25,028 to \$38,765 or from \$18.27 to \$27.51 per square foot of living area. The subject's improvement assessment of \$34,506 or \$23.49 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments for differences in basement finish, air conditioning and/or garage amenity, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
