

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Boutros  
DOCKET NO.: 17-23608.001-R-1  
PARCEL NO.: 28-11-318-015-0000

The parties of record before the Property Tax Appeal Board are Edward Boutros, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,178  
**IMPR.:** \$7,460  
**TOTAL:** \$9,638

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 972 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a concrete slab foundation. The property has a 7,920 square foot site and is located in Midlothian, Bremen Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables consist of class 2-02 one-story dwellings of frame exterior construction. The dwellings range in age from 69 to 95 years old and range in size from 866 to 984 square feet of living area. Two comparables have crawl-space foundations and two comparables have full

basements, one of which has a formal recreation room. One dwelling has central air conditioning, one dwelling has two fireplaces and each of the comparables has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$4,441 to \$5,702 or from \$4.87 to \$6.41 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$4,734 or \$4.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,638. The subject property has an improvement assessment of \$7,460 or \$7.67 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables consist of a one-story class 2-02 dwellings of frame and masonry exterior construction. The dwellings range in age from 56 to 76 years old and range in size from 875 to 960 square feet of living area. Two comparables have concrete slab foundations and two comparables each have full unfinished basements. One comparable has a fireplace and each comparable has from a one-car to a two-car garage. The comparables have improvement assessments ranging from \$7,146 to \$9,222 or from \$8.12 to \$10.01 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. None of the comparables are particularly similar to the subject, other than location and story height. The majority of the appellant's comparables are significantly older than the subject dwelling and half of the comparables presented by both parties are superior to the subject by having full basements. In addition, all of the comparables are superior to the subject by having a garage of varying sizes.

The Board finds the comparables presented by the parties had improvement assessments that ranged from \$4.87 to \$10.01 per square foot of living area. The subject's improvement assessment of \$7.67 per square foot of living area falls within the range of the comparables in this record. After considering adjustments to the comparables for differences in age, size, foundation and/or features, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
