

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chicago One
DOCKET NO.: 17-23617.001-R-1
PARCEL NO.: 14-28-319-011-0000

The parties of record before the Property Tax Appeal Board are Chicago One, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,000
IMPR.: \$57,290
TOTAL: \$65,290

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 2,796 square feet of living area. The dwelling is approximately 127 years old. Features of the home include a full unfinished basement. The property has a 1,250 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables consist of either class 2-11 or class 2-12 two-story or three-story dwellings of masonry exterior construction. The dwellings range in age from 119 to 125 years old and range in size from 2,760 to 3,432 square feet of living area. Each comparable has a full or partial

unfinished basement, one comparable has central air conditioning and one comparable has two fireplaces. Two of the comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$47,151 to \$59,003 or from \$15.13 to \$17.55 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$42,303 or \$15.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,290. The subject property has an improvement assessment of \$57,290 or \$20.49 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code and within ¼ of a mile of the subject. The comparables consist of a two-story or three-story class 2-11 dwellings of frame or masonry exterior construction. The dwellings range in age from 112 to 132 years old and range in size from 2,550 to 2,766 square feet of living area. Each comparable has a full basement, one of which has a formal recreation room. Two of the comparables have one and two fireplaces and one-car or two-car garages. The comparables have improvement assessments ranging from \$53,357 to \$68,569 or from \$20.79 to \$26.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #2 and #3 as each dwelling is significantly larger than the subject dwelling.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with the board of review comparables which present varying degrees of similarity to the subject in story height, age, size and/or several features. These comparables had improvement assessments that ranged from \$47,151 to \$68,569 or from \$17.08 to \$26.79 per square foot of living area. The subject's improvement assessment of \$57,290 or \$20.49 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
