

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Errol Georgopoulos
DOCKET NO.: 17-23653.001-R-1
PARCEL NO.: 05-32-310-040-0000

The parties of record before the Property Tax Appeal Board are Errol Georgopoulos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,570
IMPR.: \$28,944
TOTAL: \$36,514

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,204 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 7,210 square foot site located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,462 to 1,800 square feet of living area. The dwellings range in age from 57 to 96 years old. Each comparable has a partial or a full unfinished basement and a 2-car garage. One

comparable has central air conditioning. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$29,240 to \$33,493 or from \$17.77 to \$20.36 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,334 or \$19.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,514. The subject property has an improvement assessment of \$28,944 or \$24.04 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables that are located within the same neighborhood code and the same block as the subject. The comparables are improved with similar class 2-03 dwellings of masonry exterior construction ranging in size from 1,127 to 1,204 square feet of living area. The dwellings are either 60 or 61 years old. Each comparable has a full basement with one having finished area and either a 2-car or a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$27,623 to \$32,472 or from \$24.51 to \$27.56 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their older ages and/or larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables as they are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation, and most features. These comparables have improvement assessments ranging from \$27,623 to \$32,472 or from \$24.51 to \$27.56 per square foot of living area. The subject's improvement assessment of \$28,944 or \$24.04 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and below the range on a per-square-foot basis. Additionally, the subject's improvement assessment falls below the board of review comparable #1 of \$32,472 or \$26.97 which is located on the same block as the subject and practically identical in every aspect to the subject property. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
