

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Cawley
DOCKET NO.: 17-23654.001-R-1
PARCEL NO.: 05-17-410-013-0000

The parties of record before the Property Tax Appeal Board are Timothy Cawley, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,846
IMPR.: \$138,563
TOTAL: \$178,409

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,558 square feet of living area. The dwelling is approximately 80 years old. Features of the home include a partial unfinished basement, central air conditioning, two fireplaces, and a two-car garage. The property has a 28,462 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of masonry or frame and masonry exterior construction containing from 4,110 to 4,999 square feet of living area. The dwellings range in

age from 75 to 95 years old and have partial basements, two of which have finished areas. The comparables have central air conditioning, one to four fireplaces, and a garage ranging in size from a two-car to a three-car. The comparables have improvement assessments ranging from \$83,664 to \$129,274 or from \$20.36 to \$25.86 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$105,335 or \$23.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,409. The subject property has an improvement assessment of \$138,563 or \$30.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of masonry or frame and masonry exterior construction containing from 4,064 to 4,700 square feet of living area. The dwellings range in age from 87 to 94 years old and have partial or full basements, one of which has a finished area. Two comparables have central air conditioning. Each comparable has one to three fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$137,421 to \$152,378 or from \$31.44 to \$33.81 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparable #1 due to their dissimilar finished basements when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with the board of review comparables #2 and #3. These comparables are most similar to the subject in design, exterior construction, age, dwelling size, foundation, and some features. These comparables have improvement assessments ranging from \$23.19 to \$33.81 per square foot of living area. The subject's improvement assessment of \$30.40 per square foot of living area falls within the range established by the most similar comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
