

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fairmont Property Management, Inc.
DOCKET NO.: 17-23669.001-R-1
PARCEL NO.: 14-29-119-027-0000

The parties of record before the Property Tax Appeal Board are Fairmont Property Management, Inc., the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,300
IMPR.: \$37,726
TOTAL: \$56,026

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,938 square feet of living area. The dwelling is approximately 116 years old, has a crawl space foundation, and a two-car detached garage. The property has a 3,050 square foot site and is located in Chicago, Lake View Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 dwellings of frame or masonry exterior construction ranging in size from 3,601 to 4,371 square feet of living area. The dwellings range in age from 102 to 122 years old and have full basements with two having an apartment. One comparable

has central air conditioning. Two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$33,331 to \$48,400 or from \$8.42 to \$11.07 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$37,726 or \$9.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,587. The subject property has an improvement assessment of \$45,287 or \$11.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, two-story dwellings of frame exterior construction ranging in size from 2,992 to 3,718 square feet of living area. The dwellings range in age from 122 to 132 years old and have partial or full basements with three having an apartment. Three comparables each have central air conditioning and a two-car garage. Two comparables each have one or three fireplaces. The comparables have improvement assessments that range from \$44,616 to \$53,935 or from \$12.00 to \$17.17 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 as well as the board of review comparables #2 through #4 due to their significantly smaller dwelling sizes and/or lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review comparable #1. These comparables are similar to the subject in location, design, age, and dwelling size, except unlike the subject, each comparable has a full basement within an apartment suggesting a downward adjustment to the comparables would be needed to make them more equivalent to the subject property. These three comparables have improvement assessments ranging from \$33,550 to \$48,400 or from \$8.28 to \$12.00 per square foot of living area. The subject's improvement assessment of \$45,287 or \$11.50 per square foot of living area falls within the range of the most similar comparables in this record. However, after considering adjustments to these comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
