APPELLANT: Terry Robbins  
DOCKET NO.: 17-23809.001-R-1 through 17-23809.002-R-1

The parties of record before the Property Tax Appeal Board are Terry Robbins, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
17-23809.001-R-1	05-08-102-017-0000	70,329	93,671	\$164,000
17-23809.002-R-1	05-08-102-018-0000	27,799	8,201	\$36,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 5,122 square feet of living area. The dwelling is approximately 10 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, a fireplace and a three-car garage. The two parcel property has a combined land area of approximately 54,516 square feet and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$2,000,000 as of January 1, 2017. The appraisal was prepared by Charles Schwarz and the

property rights appraised were fee simple with the intended use being for a tax appeal. The appraiser utilized the sales comparison approach to value to arrive at a value conclusion.

For the sales comparison approach, the appraiser used four suggested comparable properties that were located within .5 of a mile from the subject. The parcels range in size from 20,580 to 35,113 square feet of land area which have been improve with two-story dwellings of brick, brick and stone or brick and limestone exterior construction. The homes were 14 to 88 years old and range in size from 5,109 to 6,748 square feet of living area. Each dwelling has a full basement, three of which have finished areas. Each dwelling has central air conditioning, one to seven fireplaces and either a two-car or a three-car garage. The comparables sold from May to November 2016 for prices ranging from \$1,725,000 to \$2,300,000 or from \$315.86 to \$418.61 per square foot of living area, including land. The appraiser made various adjustments to the comparables and reported adjusted sales prices ranging from \$1,938,000 to \$2,323,700,000, including land. In the report, the appraiser stated the subject has a very large site with much of the site viewed as excess land. In addition, the appraiser stated the design of the home might meet buyer resistance and therefore the lower end of the value range was indicated. Based on this analysis, the appraiser estimated a value for the subject under the sales comparison approach of \$2,000,000 or \$390.47 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$200,000 to reflect the appraised value when applying the class 2 level of assessment of 10%.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Final Decision for tax year 2017 issued by the Cook County Board of Review depicting a total assessment for the two parcels of revealing a total assessment for the subject of \$216,800. The subject's assessment reflects a market value of \$2,168,000 or \$423.27 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of the subject's estimated market value based on its assessment, the board of review presented a grid analysis of four comparable properties with descriptive and assessment information which is not responsive to the appellant's overvaluation complaint. Based on this evidence, the board of review requested confirmation of the subject property's estimated market value as reflected in its assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best and only evidence of market value in the record to be the appraisal submitted by the appellant estimating the subject property had a market value of \$2,000,000, land included, as of January 1, 2017. The appraiser developed the sales comparison approach to

value and utilized four sales to opine a value for the subject. The board of review failed to submit any comparable sales to support its estimated market value of the subject property based upon the assessment. The subject's assessment reflects a market value of \$2,168,000, including land, which is above the appraised value established by the only market value evidence in the record. On this limited record, the Board finds the subject property had a market value of \$2,000,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
