

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Lynch  
DOCKET NO.: 17-23835.001-R-1  
PARCEL NO.: 28-04-202-017-0000

The parties of record before the Property Tax Appeal Board are Kevin Lynch, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 2,656  
**IMPR.:** \$16,042  
**TOTAL:** \$18,698

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,165 square feet of living area. The dwelling is approximately 42 years old. Features of the home include a partial basement with a formal recreation room, central air conditioning and a 2.5-car garage. The property has a 6,250 square foot site and is located in Crestwood, Bremen Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables consist of class 2-02 one-story dwellings of frame exterior construction. The dwellings range in age from 49 to 68 years old and range in size from 896 to 924 square feet of

living area. Each comparable has either a slab or a crawl-space foundation and from a one-car to a two-car garage. The comparables have improvement assessments ranging from \$7,217 to \$9,142 or from \$7.81 to \$10.20 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$9,099 or \$7.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant provided a copy of the 2017 Final Decision issued by the Cook County Board of Review which depicts a total assessment for the subject of \$18,698. As part of the appellant's petition, the appellant reported that the subject property has an improvement assessment of \$16,042 or \$13.77 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code and same block as the subject. The comparables consist of multi-level class 2-34 dwellings of frame and masonry exterior construction. The dwellings are each 36 years old and range in size from 1,147 to 1,205 square feet of living area. Each comparable has a partial basement with a formal recreation room. Three of the dwellings have central air conditioning and each dwelling has a two-car garage. The comparables have improvement assessments ranging from \$16,111 to \$18,335 or from \$13.37 to \$15.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to each of the appellant's comparables which consist of class 2-02 one-story dwellings which also have inferior foundation types when compared to the subject class 2-34 multi-level dwelling with a partial finished basement.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design/class, exterior construction, age, size and/or most features. These comparables had improvement assessments that ranged from \$16,111 to \$18,335 or from \$13.37 to \$15.99 per square foot of living area. The subject's improvement assessment of \$16,042 or \$13.77 per square foot of living area falls slightly below the range in terms of overall improvement assessment and within the range established by the best comparables in this record on a per-square-foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
