

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ken Driscoll
DOCKET NO.: 17-23836.001-R-1
PARCEL NO.: 28-23-225-036-0000

The parties of record before the Property Tax Appeal Board are Ken Driscoll, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,396
IMPR.: \$4,784
TOTAL: \$6,180

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,020 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a concrete slab foundation and a 2.5-car garage. The property has a 7,980 square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables consist of class 2-03 one-story dwellings of frame or frame and masonry exterior construction. The dwellings range in age from 60 to 79 years old and range in size from 1,084 to 1,221 square feet of living area. Each comparable has either a slab or a crawl-space foundation.

One comparable has central air conditioning and three of the comparables have from a one-car to a two-car garage. The comparables have improvement assessments ranging from \$1,128 to \$4,122 or from \$0.95 to \$3.80 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$969 or \$0.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,180. The subject property has an improvement assessment of \$4,784 or \$4.69 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables consist of one-story class 2-03 dwellings of frame exterior construction. The dwellings are each 63 years old and contain either 1,020 or 1,060 square feet of living area. Each comparable has a concrete slab foundation, one comparable has central air conditioning and each dwelling has either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$5,983 to \$6,687 or from \$5.87 to \$6.31 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #2 and #3 which are each larger than the subject dwelling.

The Board finds the best evidence of assessment equity to be appellant's comparables #4 and #5, despite that these properties lack garages, along with the board of review comparables. These comparables present varying degrees of similarity to the subject in age, dwelling size and/or some features. The comparables had improvement assessments that ranged from \$3,600 to \$6,687 or from \$3.32 to \$6.31 per square foot of living area. The subject's improvement assessment of \$4,784 or \$4.69 per square foot of living area falls within the range established by the best comparables in this record and appears to be well-supported given that the subject has a superior 2.5-car garage as compared to each of these best comparables. Based on this record and after considering appropriate adjustments for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
