

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Home Partners of America
DOCKET NO.: 17-23839.001-R-1
PARCEL NO.: 28-36-221-032-0000

The parties of record before the Property Tax Appeal Board are Home Partners of America, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,502
IMPR.: \$6,642
TOTAL: \$9,144

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,378 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a partial basement with a formal recreation room, central air conditioning and a two-car garage. The property has a 7,150 square foot site and is located in Hazel Crest, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement. In support of this argument the appellant submitted information in a grid analysis on three equity comparables along with printouts. The comparables are located in the same neighborhood code as the subject. The comparables consist of class 2-03 one-story dwellings of frame exterior construction. The homes range in age from 62 to 86 years old and range in size

from 1,294 to 1,414 square feet of living area. Two comparables each have full unfinished basements and the remaining comparable has a crawl-space foundation. One comparable has a fireplace and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$2,292 to \$3,223 or from \$1.74 to \$2.28 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$2,398 or \$1.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,144. The subject property has an improvement assessment of \$6,642 or \$4.82 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables consist of class 2-03 one-story dwellings of frame exterior construction. The homes are each 57 years old and each dwelling contains 1,378 square feet of living area. Each comparable has either a full or partial unfinished basement. One comparable has central air conditioning and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$7,745 to \$8,425 or from \$5.62 to \$6.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #3 due to its dissimilar crawl-space foundation when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with the board of review comparables which present varying degrees of similarity to the subject in age, size and/or other features. These comparables had improvement assessments that ranged from \$2,292 to \$8,425 or from \$1.74 to \$6.11 per square foot of living area. The subject's improvement assessment of \$6,642 or \$4.82 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject in features, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
