

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robin Randall
DOCKET NO.: 17-23858.001-R-1
PARCEL NO.: 28-09-210-010-0000

The parties of record before the Property Tax Appeal Board are Robin Randall, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,738
IMPR.: \$20,911
TOTAL: \$24,649

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 2,634 square feet of living area. The dwelling is approximately 26 years old. Features of the home include a partial unfinished basement, a fireplace and a two-car garage. The property has an 8,308 square foot site and is located in Midlothian, Bremen Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement. In support of this argument the appellant submitted information in a grid analysis on five equity comparables along with printouts. The comparables are located in the same neighborhood code as the subject. The comparables consist of class 2-04, 2-05 or 2-78 either 1-story, 1.5-story or 2-story dwellings of frame, masonry or frame and masonry exterior

construction. The homes range in age from 26 to 88 years old and range in size from 2,039 to 2,679 square feet of living area. Four of the comparables each have a partial unfinished basement and one comparable has a crawl-space foundation. Two of the comparables each have central air conditioning. Each comparable has one or two fireplaces and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$8,029 to \$19,473 or from \$3.94 to \$7.35 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$10,378 or \$3.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,649. The subject property has an improvement assessment of \$20,911 or \$7.94 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables consist of class 2-78 two-story dwellings of frame and masonry exterior construction. The homes are each 26 years old and range in size from 2,346 to 2,469 square feet of living area. Each comparable has either a full or partial unfinished basement. Three of the comparables have central air conditioning and each comparable has a fireplace and a two-car garage. The comparables have improvement assessments ranging from \$18,815 to \$22,197 or from \$8.02 to \$9.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #4 and #5 due to older ages and/or differing classes/designs from the subject dwelling.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 along with the board of review comparables which present varying degrees of similarity to the subject in age, design, size and/or features. These comparables had improvement assessments that ranged from \$12,836 to \$22,197 or from \$5.54 to \$9.46 per square foot of living area. The subject's improvement assessment of \$20,911 or \$7.94 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
