

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Athboy Properties, LLC  
DOCKET NO.: 17-23977.001-R-1  
PARCEL NO.: 23-36-212-009-0000

The parties of record before the Property Tax Appeal Board are Athboy Properties, LLC, the appellant(s), by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 6,906  
**IMPR.:** \$44,863  
**TOTAL:** \$51,769

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 4,140 square feet of living area. The dwelling is 45 years old. The property has an 11,050 square foot site and is located in Palos Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted a Deed-in-Trust as evidence disclosing the subject property was purchased on October 19, 2015 for a price of \$317,500. The evidence also indicated the property was not advertised for sale on the open market. The appellant did not indicate whether a realtor had been involved in the transaction. The appellant did not submit any other evidence regarding the sale or any sale comparables to demonstrate that the sale was at fair market value. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The appellant also contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables ranged in improvement assessment per square foot from \$7.18 to \$9.15.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$51,769. The subject property has an improvement assessment of \$44,863, or \$10.84 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables. They ranged in improvement assessment per square foot from \$11.21 to \$11.77. The sale of the subject in October 2015 for \$317,500 was also reflected on the grid sheet. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives no weight to the subject's sale due to the fact it did not have the elements of an arm's length transaction as it was not advertised for sale or exposed on the open market. Additionally, the appellant failed to provide any sale comparables as supporting evidence that the sale price was at fair market value. Based on this record the Board finds a reduction in the subject's assessment is not justified based on the evidence presented.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #3, as well as the board of review's comparable(s) #1 through #3, as they are most similar to the subject property in size, location, design and construction. These comparables had improvement assessments that ranged from \$8.81 to \$11.77 per square foot of living area. The subject's improvement assessment of \$10.84 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the

appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
