

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann Pesce  
DOCKET NO.: 17-24329.001-R-1  
PARCEL NO.: 16-18-213-018-0000

The parties of record before the Property Tax Appeal Board are Ann Pesce, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,779  
**IMPR.:** \$38,686  
**TOTAL:** \$42,465

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an approximately 95-year old, two-story, single-family dwelling of stucco construction with 1,752 square feet of living area. Features of the home include: a full basement and a two-car garage. The property has a 4,199 square foot site and is located in Oak Park Township, Cook County. The subject is classified as a class 2-05, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables, located from a one-block to two-block radius from the subject. They are improved with a single-family dwelling of stucco construction. The improvements ranged: in age from 94 to 107 years; in size from 1,464

to 2,092 square feet of living area; and in improvement assessment from \$14.73 to \$18.83 per square foot. Amenities include: a full basement and a two-car garage.

At hearing, the appellant's attorney reiterated the submitted data, while asserting that they supported comparability to the subject property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,465. The subject property has an improvement assessment of \$38,686 or \$22.08 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, located on the same block as is the subject property. They are improved with a two-story, single-family dwelling with stucco construction. The improvements ranged: in age from 95 to 101 years; in size from 1,560 to 1,752 square feet of living area; and in improvement assessment from \$21.65 to \$24.49 per square foot. Amenities include: a full basement and a two-car garage, while three properties also contain air conditioning.

At hearing, the board of review's representative asserted that the board's properties supported comparability to the subject and a no change in assessment was warranted.

The appellant's attorney did not submit any written rebuttal data or argument.

At the hearing, it was indicated that the subject was accorded an assessment reduction in tax year 2018, which was a second year of the triennial reassessment period for the subject. However, there was neither further explanation for this action nor a copy of that reduction submitted into evidence by the parties.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the *board of review's comparables #1 through #4*. These comparables had improvement assessments that ranged from \$21.65 to \$24.49 per square foot of living area. The subject's improvement assessment of \$22.08 per square foot of living area falls at the low end of the range established by the best comparables in this record. The remaining properties are accorded diminished weight due to the lack of proximity to the subject and/or due to a disparity in age or in size. Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
