

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kostas Chaniotakis
DOCKET NO.: 17-26355.001-R-1
PARCEL NO.: 14-30-407-028-0000

The parties of record before the Property Tax Appeal Board are Kostas Chaniotakis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,625
IMPR.: \$37,975
TOTAL: \$53,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one and one-half story dwelling of frame exterior construction with 1,207 square feet of living area. The dwelling is approximately 127 years old. Features of the home include a full unfinished basement and central air conditioning. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales which are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-03 dwellings of frame exterior construction ranging in size from 1,020 to 1,623 square feet of living area. The dwellings range in age from 122 to 147 years old and have full unfinished

basements. Three comparables each have central air conditioning, and one comparable has a two-car detached garage. The comparables have sale dates ranging from December 2015 through July 2017 for prices ranging from \$420,000 to \$715,000 or from \$387.12 to \$465.93 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$51,459. The requested assessment would reflect a total market value of \$514,590 or \$426.34 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,483. The subject's assessment reflects a market value of \$584,830 or \$484.53 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on one comparable property with equity data. The comparable will not be included in the Board's analysis as its equity data is not responsive to the appellant's overvaluation argument.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record was the four comparable sales submitted by the appellant. The Board gives less weight to the appellant's comparables #3 due to the dwelling's considerably larger dwelling size when compared to the subject dwelling.

The Board finds the best evidence of market value in the record to be the appellant's remaining comparable sales. These three comparables have the same classification and neighborhood codes as the subject and are also similar to the subject in exterior construction, dwelling size, foundation, and some features. These three comparables sold from April 2016 through July 2017 for prices ranging from \$420,000 to \$636,000 or from \$387.12 to \$465.93 per square foot of living area, including land. The subject's assessment reflects a market value of \$584,830 or \$484.53 per square foot of living area, including land, which is above the best comparable sales in this record on a per-square-foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
