

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Spatzek
DOCKET NO.: 17-26356.001-R-1
PARCEL NO.: 05-07-414-021-0000

The parties of record before the Property Tax Appeal Board are James Spatzek, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,560
IMPR.: \$74,727
TOTAL: \$89,287

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco construction with 2,942 square feet of living area. The dwelling is approximately 11 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 9,100 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,330 to 3,202 square feet of living area. The comparables range in age

from 13 to 51 years old. Each comparable has a basement with two having finished area. Each comparable has central air conditioning and a two-car garage; and two comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$41,836 to \$71,920 or from \$17.96 to \$24.20 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$64,119 or \$21.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,287. The subject property has an improvement assessment of \$74,727 or \$25.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 2,633 to 3,210 square feet of living area. The comparables range in age from 9 to 21 years old. Each comparable has a full basement with two having finished area. Each comparable has central air conditioning, one or two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$76,127 to \$86,625 or from \$26.99 to \$31.68 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables and the board of review's comparables #2 and #4 due to their older ages and/or finished basements in contrast to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #3 as they are similar to the subject in location, design, age, dwelling size, basement and features. These comparables have improvement assessments of \$83,401 and \$86,461 or \$31.68 and \$29.09 per square foot of living area, respectively. The subject's improvement assessment of \$74,727 or \$25.40 per square foot of living area falls below the assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
