

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rick Loffredo
DOCKET NO.: 17-27012.001-R-1
PARCEL NO.: 28-18-312-006-0000

The parties of record before the Property Tax Appeal Board are Rick Loffredo, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,017
IMPR.: \$14,743
TOTAL: \$18,760

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 2,078 square feet of living area. The dwelling is 21 years old. Features of the home include a partial basement that is unfinished, central air conditioning, a fireplace and a two-car garage. The property has an 8,928 square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that were located within the same neighborhood code as the subject property. The comparables had lot sizes of either 8,928 or 9,425 square feet of land area. The comparables were class 2-04 dwellings of masonry or frame and masonry construction containing from 1,854 to 2,232 square feet of living area. The

dwellings ranged in age from 19 to 31 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from March 2014 to August 2016 for prices ranging from \$142,800 to \$235,000 or from \$77.02 to \$106.00 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$18,760. The requested assessment would reflect a total market value of \$187,600 or \$90.28 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,028. The subject's assessment reflects a market value of \$240,280 or \$115.63 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables to show the subject property is being equitably assessed.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the appellant's comparable sales. The Board gave less weight to the board of review's equity analysis as this evidence is not responsive to the overvaluation argument brought by the appellant. The Board finds the appellant's comparables are similar to the subject in lot size, dwelling size, age and features. However, only one of the sales occurred proximate in time to the January 2017 assessment date at issue, and therefore, the Board gave less weight to the appellant's comparable sales #2 and #3 due to their sales occurring in 2014. The remaining comparable sale sold in August 2016 for \$142,800 or \$77.02 per square foot of living area, including land. The subject's assessment reflects a market value of \$240,280 or \$115.63 per square foot of living area, including land, which is not supported by the market value evidence in this record. Based on this evidence the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
