

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonios Kontzias  
DOCKET NO.: 17-27021.001-R-1  
PARCEL NO.: 23-02-204-026-0000

The parties of record before the Property Tax Appeal Board are Antonios Kontzias, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,304  
**IMPR.:** \$12,056  
**TOTAL:** \$18,360

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of masonry construction with 1,080 square feet of living area. The dwelling is 57 years old. Features of the home include a partial basement that is finished, central air conditioning and a 1.5-car garage. The property has a 10,087 square foot site and is located in Hickory Hills, Palos Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject property. The comparables had lot sizes ranging from 8,250 to 10,715 square feet of land area. The comparables were class 2-34 dwellings of frame and masonry construction containing from 1,070 to 1,296 square feet of living area. The dwellings

ranged in age from 32 to 51 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from December 2015 to November 2017 for prices ranging from \$165,000 to \$221,000 or from \$129.11 to \$173.06 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$16,785. The requested assessment would reflect a total market value of \$167,850 or \$155.42 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,377. The subject's assessment reflects a market value of \$193,770 or \$179.42 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables to show the subject property is being equitably assessed.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the appellant's comparable sales. The Board gave less weight to the appellant's comparable sale #3, due to its sale occurring greater than 12 months prior to the January 1, 2017 assessment date at issue. The Board also gave less weight to the board of review's equity analysis as this evidence is not responsive to the overvaluation argument brought by the appellant. The Board finds the appellant's remaining comparables are most similar to the subject in location, lot size, style, dwelling size, age and features. These comparables also had sale dates that were proximate in time to the January 2017 assessment date at issue. The best comparables sold from February 2016 to November 2017 for prices ranging from \$165,000 to \$190,000 or from \$129.11 to \$172.90 per square foot of living area, including land. The subject's assessment reflects a market value of \$193,770 or \$179.42, which is above the market values of the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
