

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexandra Kladis
DOCKET NO.: 17-27036.001-R-1
PARCEL NO.: 23-14-103-021-0000

The parties of record before the Property Tax Appeal Board are Alexandra Kladis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,933
IMPR.: \$23,067
TOTAL: \$28,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 2,478 square feet of living area. The dwelling is 41 years old. Features of the home include a partial basement that is unfinished, central air conditioning, a fireplace and a two-car garage. The property has an 8,580 square foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject property. The comparables had lots ranging in size from 6,729 to 8,570 square feet of land area. The comparables were class 2-78 dwellings of frame and masonry construction containing from 2,241 to 2,603 square feet of living area. The dwellings

were either 44 or 45 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from March 2015 to August 2017 for prices ranging from \$248,000 to \$272,500 or from \$95.27 to \$113.79 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$26,145. The requested assessment would reflect a total market value of \$261,450 or \$105.51 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,613. The subject's assessment reflects a market value of \$296,130 or \$119.50 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that were located within .25 of a mile from the subject. Comparable #1, which was also submitted by the appellant as sale #1, was located on the same block as the subject. All of the comparables were located within the same neighborhood code as the subject property. The comparables had lots ranging in size from 8,515 to 8,580 square feet of land area and were improved with similar two-story dwellings of frame and masonry construction. The homes contained either 2,491 or 2,603 square feet of living area and were either 43 or 45 years old. The comparables had other features with varying degrees of similarity to the subject. Comparable #1 sold in March 2015 for \$248,000 or \$95.27 per square foot of living area, including land.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of four comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparable sale #1, which was also submitted by the board of review, due to its sale occurring greater than 21 months prior to the January 1, 2017 assessment date at issue. The Board also gave less weight to the appellant's comparable #4 due to its considerably smaller lot when compared to the subject. Finally, the Board gave less weight to the board of review's comparables #2, #3 and #4, due to the lack of sales information, which would make them non-responsive to the overvaluation argument brought by the appellant. The Board finds the best sales in the record were the appellant's comparable sales #2 and #3. These comparables were most similar to the subject in lot size, style, size and most features. The best

comparables sold in December 2016 or June 2017 for \$255,000 and \$272,500 or \$113.79 and \$109.39 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$296,130 or \$119.50 per square foot of living area, including land, which falls above the market values of the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
