

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Inga Lilas  
DOCKET NO.: 17-27037.001-R-1  
PARCEL NO.: 23-14-402-006-0000

The parties of record before the Property Tax Appeal Board are Inga Lilas, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,866  
**IMPR.:** \$23,740  
**TOTAL:** \$27,606

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 2,775 square feet of living area. The dwelling is 42 years old. Features of the home include a slab foundation, central air conditioning and an attached two-car garage. The property has a 6,724 square foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject property. The comparables had lots ranging in size from 8,515 to 9,170 square feet of land area and were improved with similar class 2-78 dwellings of frame and masonry construction. The appellant's grid reported that three of the comparables had full or

partial basements that were unfinished, and one had a crawl-space foundation. The homes ranged in size from 2,241 to 2,603 square feet of living area and were either 45 or 46 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from March 2015 to October 2017 for prices ranging from \$184,800 to \$248,000 or from \$82.46 to \$95.27 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$24,832. The requested assessment would reflect a total market value of \$248,320 or \$89.48 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,606. The subject's assessment reflects a market value of \$276,060 or \$99.48 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that were located within the same neighborhood code as the subject property. The comparables had lots ranging in size from 9,344 to 23,250 square feet of land area and were improved with similar two-story dwellings of frame and masonry construction. Two of the board of review's comparables had full or partial basements that were unfinished, one had a partial basement that was finished, and one had a crawl-space foundation. The homes ranged in size from 2,437 to 2,788 square feet of living area and ranged in age from 30 to 46 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from February to October 2016 for prices ranging from \$285,000 to \$395,000 or from \$102.22 to \$152.69 per square foot of living area, including land.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board initially finds that none of the properties submitted by the parties were truly similar to the subject, as none had a slab foundation like the subject. Nonetheless, the Board gave less weight to the appellant's comparable sales #1, #3 and #4, due to their considerably smaller size and/or their sales occurring greater than 16 months prior to the January 1, 2017 assessment date at issue. The Board also gave less weight to the board of review's comparable sale #2 due to its finished basement area, when compared to the subject's slab foundation. The Board finds the parties' remaining sales were most similar to the subject in location, style, size and some features. The

parties' best comparables had sale dates of either February or July 2016 and sold for prices ranging from \$221,000 to \$350,000 or from \$88.72 to \$143.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$276,060 or \$99.48 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
