

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas George
DOCKET NO.: 17-27078.001-R-1
PARCEL NO.: 18-05-414-014-0000

The parties of record before the Property Tax Appeal Board are Douglas George, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,281
IMPR.: \$59,987
TOTAL: \$69,268

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 11,250 square foot parcel of land. The appellant's brief infers there are two improvements on the property. The 2-05 improvement is a 99-year old, two-story, stucco, single-family dwelling containing 2,155 square feet of building area. The property is located in La Grange, Lyons Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity in regard to the 2-05 improvement as the basis of the appeal. In support of this argument, the appellant submitted five comparables. These comparables are described as two-story, frame or stucco, single-family dwellings. They range: in age from 96 to 129 years; in size from 2,088 to 2,180 square feet of building area; and in improvement assessment from \$23.15 to \$23.70 per square foot of building area.

The subject's total assessment is \$69,987 with and improvement assessment of \$59,987. The appellant's petition allocates the total improvement assessment to the 2-05 improvement.

The board of review did not timely submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the appellant's brief asserted that the subject has multiple improvements. However, the appellant failed to submit evidence of the improvement assessment for each improvement. Without this evidence, the Board cannot analyze the 2-05 assessment in relation to the comparables and make a determination of the correct assessment. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
