

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Foster
DOCKET NO.: 17-27086.001-R-1
PARCEL NO.: 18-31-201-036-0000

The parties of record before the Property Tax Appeal Board are Brad Foster, the appellant(s), by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,267
IMPR.: \$51,268
TOTAL: \$79,535

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 43,488 square foot parcel of land improved with a 33-year old, one and one-half story, frame and masonry, single-family dwelling containing 3,662 square feet of building area. The property is located in Burr Ridge, Lyons Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted a copy of the settlement statement disclosing the purchase of the subject in July 2014 for \$665,000.

In support of the equity argument, the appellant submitted five comparables. These comparables are described as one or one and one-half story, frame or masonry or frame and

masonry, single-family dwellings. They range: in age from 32 to 63 years; in size from 3,183 to 3,922 square feet of building area; and in improvement assessment from \$8.36 to \$13.03 per square foot of building area.

The subject's total assessment is \$82,841 with an improvement assessment of \$54,574 or \$14.90 per square foot of building area.

The board of review did not timely submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the sale of the subject in July 2014 is too far removed from the lien date to accurately reflect the subject's market value as of January 1, 2017. Therefore, the appellant did not show by a preponderance of the evidence that the subject is overvalued and a reduction based on market value is not warranted.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the only evidence of assessment equity to be the appellant's comparables. These comparables had improvement assessments ranging from \$8.36 to \$13.03 per square foot of building area. The subject's improvement assessment of \$14.90 per square foot of building area is above the range of the best comparables in this record. However, the subject is significantly newer than most of the comparables and should be assessed higher than the comparables to account for this characteristic. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
