

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lonn Wolf
DOCKET NO.: 17-27107.001-R-1
PARCEL NO.: 23-31-201-006-0000

The parties of record before the Property Tax Appeal Board are Lonn Wolf, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,746
IMPR.: \$28,321
TOTAL: \$44,067

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 2,396 square feet of living area. The dwelling is 59 years old. Features of the home include a partial basement that is unfinished, central air conditioning, two fireplaces and an attached four-car garage. The property has a 104,979 square foot site and is located in Palos Park, Palos Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject property. The comparables had lots ranging in size from 38,594 to 173,368 square feet of land area and were improved with similar class 2-04 dwellings of masonry or frame and masonry construction. The homes ranged in size from 2,264 to 4,538

square feet of living area and ranged in age from 19 to 59 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from April 2015 to September 2017 for prices ranging from \$310,000 to \$695,000 or from \$136.93 to \$174.19 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$36,788. The requested assessment would reflect a total market value of \$367,880 or \$153.54 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,067. The subject's assessment reflects a market value of \$440,670 or \$183.92 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that were located within the same neighborhood code as the subject property. Comparable #1 was located within .25 of a mile from the subject and comparable #2 was located on the same block as the subject. The comparables had lots ranging in size from 23,878 to 148,496 square feet of land area and were improved with similar class 2-04 dwellings of frame, masonry or frame and masonry construction. The homes ranged in size from 2,298 to 3,002 square feet of living area and ranged in age from 13 to 60 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from December 2014 to October 2017 for prices ranging from \$470,000 to \$580,000 or from \$189.06 to \$239.34 per square foot of living area, including land.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparable sales #1 and #2, due to their significantly larger dwelling sizes when compared to the subject. In addition, comparable #1 is significantly newer than the subject and comparable #2's sale occurred greater than 20 months prior to the January 1, 2017 assessment date at issue. The Board also gave less weight to the board of review's comparable sales #3 and #4, due to their significantly newer ages when compared to the subject. In addition, comparable #3's sale occurred greater than 24 months prior to the January 1, 2017 assessment date at issue. The Board finds the parties' remaining sales were similar to the subject in location, style and some features. The parties' best comparables had sale dates ranging from

September 2016 to October 2017 and sold for prices ranging from \$310,000 to \$500,000 or from \$136.93 to \$194.70 per square foot of living area, including land. The subject's assessment reflects a market value of \$440,670 or \$183.92 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
