

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stella Budz
DOCKET NO.: 17-27124.001-R-1
PARCEL NO.: 23-35-309-011-0000

The parties of record before the Property Tax Appeal Board are Stella Budz, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,504
IMPR.: \$21,104
TOTAL: \$28,608

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,431 square feet of living area. The dwelling is approximately 29 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace, and a 2.5-car garage. The property has a 21,440 square foot site and is located in Orland Park, Palos Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are one-story dwellings of frame or masonry exterior construction ranging in size from 1,188 to 1,661 square feet of living area. The dwellings range in age from 57 to 60 years

old, two comparables each have a partial basement with one having finished area, two comparables each have a crawl space foundation, one comparable has central air conditioning and one fireplace, and three comparables each have a 2-car attached garage. The comparables have improvement assessments ranging from \$15,167 to \$21,613 or from \$10.46 to \$13.01 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$17,115 or \$11.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,608. The subject property has an improvement assessment of \$21,104 or \$14.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. One comparable is also located on the same block as the block. The comparables are improved with one-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,408 to 1,622 square feet of living area. The dwellings range in age from 30 to 56 years old. Each comparable has a partial or full basement with one having finished area and each have a 2-car garage. Three comparables each have central air conditioning, and two comparables each have one fireplace. The comparables have improvement assessments ranging from \$22,436 to \$24,060 or from \$14.75 to \$16.03 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. When compared to the subject, the Board gives less weight to the appellant's comparables due to differences with their considerably older ages and/or lack of a basement or garage when compared to the subject property. Likewise, the Board gives less weight to the board of review comparables #2 and #4 due to the dwellings considerably older ages when compared to the age of the subject dwelling.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3. These two comparables received greater weight because they are closer in age to the subject property and are most similar to the subject in location, design, dwelling size, foundation, and other features. These two comparables have improvement assessments of \$23,124 and \$24,060 or \$14.75 and \$14.83 per square foot of living area. The subject's improvement assessment of \$21,104 or \$14.75 per square foot of living area falls below the two best comparables contained in this record on an overall basis and equals the lowest assessment of the two comparables on a per-square-foot basis. After considering adjustments to the comparables

for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
