

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Hazzard
DOCKET NO.: 17-27987.001-R-1
PARCEL NO.: 23-25-301-130-0000

The parties of record before the Property Tax Appeal Board are Sandra Hazzard, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,900
IMPR.: \$20,777
TOTAL: \$31,677

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry construction with 1,948 square feet of living area. The dwelling is 32 years old. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 2-car garage. The property has a 21,801 square foot site and is located in Palos Heights, Palos Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal.¹ In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are 1-story or 1.5-story, class 2-04, dwellings of masonry or frame and masonry

¹ The appellant's appeal was marked as if overvaluation based on a recent appraisal was being challenged, however, the appellant submitted evidence of improvement assessment inequity based on comparable assessment data.

construction that range in size from 2,100 to 2,385 square feet of living area. The homes range in age from 28 to 54 years old. One comparable has a full unfinished basement, one comparable has a crawl-space foundation and two comparables have slab foundations. Three comparables have central air conditioning. Each comparable has either one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$8,714 to \$20,074 or from \$3.72 to \$8.60 per square foot of living area.

Based on this evidence the appellant requested that the subject's total assessment be reduced to \$24,049.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,677. The subject property has an improvement assessment of \$20,777 or \$10.67 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are 1-story, class 2-04, dwellings of frame or masonry construction that range in size from 1,896 to 2,063 square feet of living area. The homes range in age from 49 to 62 years old. Three comparables have full basements, one of which has finished area, and one comparable has a crawl-space foundation. Two comparables have central air conditioning. Each comparable has either one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$20,540 to \$25,661 or from \$10.79 to \$13.15 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board finds none of the comparables are particularly similar to the subject. The parties' comparables are similar to the subject in location, building classification and some features. The comparables have improvement assessments ranging from \$8,714 to \$25,661 or from \$3.72 to \$13.15 per square foot of living area. The subject's improvement assessment of \$20,777 or \$10.67 per square foot of living area falls within the range established by the parties' comparables. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
