

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Summerdale Condominiums  
DOCKET NO.: 17-27991.001-R-1 through 17-27991.008-R-1

The parties of record before the Property Tax Appeal Board are Summerdale Condominiums, the appellant(s), by attorney Margaret E. Graham, of Dykema Gossett PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of eight condominium units with a 100.00% ownership interest in the common elements. The property is located in Lakeview Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether any of the subject units are owner-occupied.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an analysis showing that six units in the subject's building, or 78.55% of ownership, sold from May 2014 to March 2017 for an aggregate price of \$2,637,500. The appellant deducted 3.00% from the aggregate sale price to account for personal property. The aggregate sales price, less the personal property deduction, was then divided by the percentage of interest of the units sold to arrive at a total market value for the building of \$3,257,002. The appellant then deducted 20.0% from the building's estimated market value to account for "deferred maintenance, repairs, reserve, and depreciation" to arrive at an adjusted market value of \$2,605,602. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$252,483, after applying the Illinois Department of Revenue three-year average median level of assessment for class 2 property of 9.69%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$270,321. The subject's assessment reflects a market value of \$2,703,210 when applying the 2017 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00%.

In support of the subject's assessment, the board of review submitted an analysis showing that six units in the subject's building, or 78.55% of ownership, sold from May 2014 to March 2017 for an aggregate price of \$2,637,500. The aggregate sales price was then divided by the percentage of interest of the units sold to arrive at a total market value for the building of \$3,357,734. The board of review also submitted a supplemental brief arguing that the use of the Illinois Department of Revenue three-year average median level of assessment was not warranted in this appeal.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the Board notes that appellant comparables #1, #2, #3, #4, #5, and #6 represent the same properties and sale transactions as board of review comparables #1, #2, #3, #4, #5, and #6, respectively. The Board finds that the best evidence of market value to be all of the sale comparables submitted by the parties. Thus, the Board will take the sum of the sale prices of the most similar sales, divide by the total percentage of ownership of the units sold, and multiply the result by the subject's percentage of ownership, which results in a market value of \$3,357,734. The subject's current assessment reflects a market value below the market value reflected by the most similar sale comparables. The Board finds that there was no evidence submitted to show that personal property was included in any of the sale transactions, and that no deduction is warranted for this factor. Moreover, the appellant did not submit any evidence regarding the subject's alleged "deferred maintenance, repairs, reserve, and depreciation," and, as such, the Board finds that no deduction is warranted for this factor. Finally, the Board finds that the 2017

statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% is applicable in this appeal, as the appellant has provided no argument to justify using a different level of assessment than what is provided in statute. See 86 Ill.Admin.Code §1910.50(c)(2). Therefore, the Board finds that the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
