

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aristotle Selemidis  
DOCKET NO.: 17-28218.001-R-1  
PARCEL NO.: 08-09-312-021-0000

The parties of record before the Property Tax Appeal Board are Aristotle Selemidis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,812  
**IMPR.:** \$23,429  
**TOTAL:** \$28,241

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of frame and masonry exterior construction with 1,809 square feet of living area. The dwelling is approximately 45 years old and features a partial basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has an 8,750 square foot site and is located in Arlington Heights, Elk Grove Township, Cook County. It is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The Property Tax Appeal Board takes notice that the subject property is an owner-occupied residence that was the subject matter of an appeal before the Property Tax Appeal Board the prior year under Docket Number 16-29115.001-R-1.<sup>1</sup> In that appeal the Property Tax Appeal Board rendered a decision lowering the assessment of the subject property to \$28,241. its submission, the board of review reported in its "Board of Review Notes on Appeal" that 2016 was the beginning of the subject's general assessment cycle.

For this 2017 tax year appeal, the appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that are located within the same neighborhood code as the subject. The comparables have varying degrees of similarity to the subject property. The comparables sold from May to October 2016 for prices ranging from \$250,000 to \$336,000 or from \$137.89 to \$170.91 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's assessment be reduced to \$28,212. The requested assessment would reflect a total market value of \$282,120 or \$155.95 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,558. The subject's assessment reflects a market value of \$325,580 or \$179.98 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties with equity data and one of which also sold. The comparables' equity data will not be included in the Board's analysis because it is not responsive to the appellant's overvaluation argument.

The board of review comparable #1 consists of a sale property that is located within the same neighborhood code and the same block as the subject. This comparable is improved with a two-story dwelling of frame and masonry exterior construction with 1,979 square feet of living area. The dwelling is approximately 45 years old. Features include a partial basement with finished area, central air conditioning, and a 2.5-car garage. The property sold in October 2015 for a price of \$430,000 or \$217.28 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds pursuant to Section 16-185 of the Property Tax Code a reduction in the subject's assessment is warranted.

The Board finds the subject property is an owner-occupied residence that was the subject matter of an appeal before the Property Tax Appeal Board for the 2016 tax year under Docket Number

16-29115.001-R-1. In that appeal, the Property Tax Appeal Board issued a decision lowering the assessment of the subject property to \$28,241 based on the evidence submitted in the appeal.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review. (35 ILCS 200/16-185)

Therefore, the Board finds that the prior year's decision should be carried forward to the 2017 tax year pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185). The Board finds the board of review reported that 2016 and 2017 are within the same general assessment period for Elk Grove Township. Additionally, the appellant's appeal form indicates the property is owner occupied since the appellant has the same mailing address as the subject property. The record contains no evidence indicating the subject sold in an arms-length transaction subsequent to the Board's decision or that the assessment year in question is in a different general assessment period. For these reasons, the Property Tax Appeal Board finds that a reduction in the subject's assessment is warranted to reflect the Board's prior year's decision, plus the application of an equalization factor, if any.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
