

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick and Georgia Doris
DOCKET NO.: 17-28232.001-R-1
PARCEL NO.: 08-14-315-004-0000

The parties of record before the Property Tax Appeal Board are Nick and Georgia Doris, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,279
IMPR.: \$20,139
TOTAL: \$26,418

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of frame and masonry exterior construction with 1,535 square feet of living area. The dwelling is approximately 44 years old and features a full finished basement, central air conditioning, one fireplace, and a 1.5-car garage. The property has an 11,418 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. It is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The Property Tax Appeal Board takes notice that the subject property is an owner-occupied residence that was the subject matter of an appeal before the Property Tax Appeal Board the prior year under Docket Number 16-29059.001-R-1.¹ In that appeal the Property Tax Appeal Board rendered a decision lowering the assessment of the subject property to \$26,418. As part of

its submission, the board of review reported in its "Board of Review Notes on Appeal" that 2016 was the beginning of the subject's general assessment cycle.

For this 2017 tax year appeal, the appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellants submitted information on four comparable sales that are located within the same neighborhood code as the subject. The comparables have varying degrees of similarity to the subject property. The comparables sold from May 2015 to April 2016 for prices ranging from \$176,000 to \$271,000 or from \$153.85 to \$173.01 per square foot of living area, including land.

Based on this evidence, the appellants requested that the subject's assessment be reduced to \$24,667. The requested assessment would reflect a total market value of \$246,670 or \$160.70 square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,076. The subject's assessment reflects a market value of \$280,760 or \$182.91 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on three comparables that are located within the same neighborhood code as the subject property. The comparables have varying degrees of similarity to the subject property. The comparables sold from June 2014 to September 2016 for prices ranging from \$312,500 to \$405,000 or from \$224.50 to \$268.03 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds pursuant to Section 16-185 of the Property Tax Code a reduction in the subject's assessment is warranted.

The Board finds the subject property is an owner-occupied residence that was the subject matter of an appeal before the Property Tax Appeal Board for the 2016 tax year under Docket Number 16-29059.001-R-1. In that appeal, the Property Tax Appeal Board issued a decision lowering the assessment of the subject property to \$26,418 based upon a signed agreement between the parties.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review. (35 ILCS 200/16-185)

Therefore, the Board finds that the prior year's decision should be carried forward to the 2017 tax year pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185). The Board finds the board of review reported that 2016 and 2017 are within the same general assessment period for Elk Grove Township. Additionally, the appellants' appeal form indicates the property is owner occupied since the appellants have the same mailing address as the subject property. The record contains no evidence indicating the subject sold in an arms-length transaction subsequent to the Board's decision or that the assessment year in question is in a different general assessment period. For these reasons, the Property Tax Appeal Board finds that a reduction in the subject's assessment is warranted to reflect the Board's prior year's decision, plus the application of an equalization factor, if any.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
