

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Pantazis
DOCKET NO.: 17-28236.001-R-1
PARCEL NO.: 08-09-206-028-0000

The parties of record before the Property Tax Appeal Board are Steve Pantazis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,932
IMPR.: \$27,940
TOTAL: \$31,872

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 38-year old, multi-level dwelling of masonry construction with 1,404 square feet of living area. Features of the home include a basement with formal rec. room, central air conditioning, and a two-car garage. The property has a 7,864 square foot site and is located in Arlington Heights, Elk Grove Township, Cook County. The subject is classified as a class 2-34, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have sites ranging in size from 5,000 to 6,847 square feet of land area and are improved with class 2-34 dwellings of frame and masonry exterior construction that range in size from 1,150 to 1,391 square feet of living area. The

dwellings are either 49 or 54 years old. Each home has a basement with formal rec. room, and three homes have central air-conditioning and a 2-car garage. The comparables sold from March 2015 to December 2016 for prices ranging from \$214,000 to \$285,000 or from \$182.44 to \$206.09 per square foot of living area, including land. The appellant also submitted Warranty Deeds associated with the four comparable sales which disclosed the legal description and the legal rights being conveyed but lacked any physical description and/or sale data with regard to these properties. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$27,434.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,872. The subject's assessment reflects a market value of \$318,720 or \$227.01 per square foot of living area, land included, when applying the level of assessment for class 2 properties of 10% as determined by the Cook County classification ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have sites ranging in size from 5,400 to 8,910 square feet of land area and are improved with multi-level dwellings of frame and masonry exterior construction that range in size from 1,081 to 1,380 square feet of living area. The dwellings range in age from 31 to 55 years old. Each home has a basement with formal rec. room; three homes have central air-conditioning; and each home has a 1-car or a 2-car garage. The comparables sold from January to June 2016 for prices ranging from \$277,000 to \$405,000 or from \$251.82 to \$293.48 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented a total of eight comparable sales in support of their respective positions. The Board gave less weight to appellant's comparable #1 and board of review comparable #1 based on their lack of central air-conditioning and 1-car garage amenities which are features of the subject property. The Board also gave less weight to appellant's comparable #3 based on its sale date in March 2015, date less proximate in time to the January 1, 2017 assessment date at issue and, therefore, less likely to be reflective of the subject's market value as of the assessment date than the remaining comparable sales in the record.

The Board finds the best evidence of market value to be appellant's comparables #2 and #4, along with board of review comparables #2, #3, and #4. From the comparables submitted into record, these comparables are most similar to the subject in location, design, dwelling size, lot size, and features. These comparables sold from January to November 2016 for prices ranging

from \$237,000 to \$405,000 or from \$188.18 to \$293.48 per square foot of living area, including land. The subject's assessment reflects a market value of \$318,720 or \$227.01 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record.

Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds that the subject property is not overvalued and, therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
