

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret Vorpahl
DOCKET NO.: 17-28612.001-R-1
PARCEL NO.: 18-32-313-041-0000

The parties of record before the Property Tax Appeal Board are Margaret Vorpahl, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,147
IMPR.: \$33,362
TOTAL: \$41,509

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 2,462 square feet of living area. The dwelling is approximately 32 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace and a two-car garage. The property has a 12,534 square foot site and is located in Willow Springs, Lyons Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of frame and masonry or masonry exterior construction that range in size from 2,345 to 2,749 square feet of living area and range in age from 16 to 48 years

old. Each comparable has a partial or a full unfinished basement, central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$23,792 to \$34,194 or from \$9.91 to \$12.44 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$26,663 or \$10.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,509. The subject has an improvement assessment of \$33,362 or \$13.55 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story and 1-story, class 2-04 dwellings of frame and masonry, stucco, or masonry exterior construction that range in size from 1,828 to 2,436 square feet of living area and range in age from 31 to 39 years old. Each comparable has a partial or a full unfinished basement, central air conditioning, a fireplace and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$29,061 to \$35,287 or from \$14.30 to \$16.52 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with board of review comparables #3 and #4 due to their dissimilar age and/or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which overall are most similar to the subject in location, age, dwelling size, and features. However, all have unfinished basements unlike the subject which has finished basement area. These comparables have improvement assessments of \$33,128 and \$35,287 or for \$14.30 and \$14.49 per square foot of living area. The subject has an improvement assessment of \$33,362 or \$13.55 per square foot of living area, which is within the overall improvement assessment range but below the improvement assessment per square foot range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement is equitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
