

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Theiss  
DOCKET NO.: 17-28614.001-R-1  
PARCEL NO.: 18-04-307-010-0000

The parties of record before the Property Tax Appeal Board are Paul Theiss, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,187  
**IMPR.:** \$70,195  
**TOTAL:** \$76,382

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,072 square feet of living area. The dwelling is approximately 125 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a 2.5-car garage. The property has a 7,500 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of frame exterior construction that range in size from 2,696 to 3,320 square feet of living area and are either 129 or 139 years old. Each comparable has a

full unfinished basement, two comparables have central air conditioning, two comparables each have a fireplace and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$58,799 to \$75,984 or from \$21.81 to \$22.89 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$68,598 or \$22.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,161. The subject has an improvement assessment of \$73,974 or \$24.08 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with two-story, class 2-06 dwellings of frame exterior construction that range in size from 2,345 to 2,524 square feet of living area and range in age from 124 to 129 years old. Each comparable has a full unfinished basement, central air conditioning, one or two fireplaces and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$56,827 to \$65,270 or from \$24.12 to \$25.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains six equity comparables for the Board's consideration. The Board gave less weight to the board of review comparables due to their considerably smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which overall are most similar to the subject in location, dwelling size, age and features. These comparables have improvement assessments ranging from \$58,799 to \$75,984 or from \$21.81 to \$22.89 per square foot of living area. The subject's improvement assessment of \$76,837 or \$25.01 per square foot of living area is above the range established by the best comparables in this record. Therefore, after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant proved by clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
