

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Kobus  
DOCKET NO.: 17-28618.001-R-1  
PARCEL NO.: 18-31-211-015-0000

The parties of record before the Property Tax Appeal Board are Scott Kobus, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,486  
**IMPR.:** \$76,154  
**TOTAL:** \$78,640

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,514 square feet of living area. The dwelling is approximately 4 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, one fireplace and a two-car garage. The property has a 3,825 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction that range in size from 3,101 to 3,587 square feet of living area and range in age from 29 to 34 years old. The

comparables have other features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$47,795 to \$56,509 or from \$14.92 to \$16.44 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$55,170 or \$15.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,640. The subject has an improvement assessment of \$76,154 or \$21.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code and block as the subject. The comparables are improved with two-story, class 2-78 dwellings of masonry or stucco exterior construction that range in size from 3,225 to 3,379 square feet of living area and are either 4 or 9 years old. The comparables have other features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$74,062 to \$83,850 or from \$21.99 to \$26.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables as all are considerably older dwellings when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which overall are most similar to the subject in location, age and dwelling size. These comparables have improvement assessments ranging from of \$74,062 to \$83,850 or from \$21.99 to \$26.00 per square foot of living area. The subject has an improvement assessment of \$76,154 or \$21.67 per square foot of living area, which is within the overall improvement assessment range but below the improvement assessment per square foot range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement is equitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
